Subject: Follow up from our discussion on Wednesday
TOS_SJC Communications to Animas Watershed Community 9.11.2015.pdf
Gold King Remediation Proposal.pdf

Ben and Clancy – I wanted to follow up on a couple of items from our meeting on Wednesday. We promised to pass along the Clean-up proposal from the Town of Silverton so it is attached along with the cover letter. Also here is a link to the Animas River Stakeholder Group “Timeline for Reducing Metal Loading in the Upper Animas River Basin”.

<http://animasriverstakeholdersgroup.org/blog/index.php/2015/10/23/draft-timeline-for-reducing-metal-loading-in-upper-animas-river-basin/>

Also I wanted to confirm what we discussed with respect to outreach with New Mexico and the Navajo Nation when it comes to discussions around a potential NPL listing or other options for long-term remediation. Lisa Price indicated that Region 6 would take care of outreach to New Mexico using information Region 8 provides. Ben, my management would like to make sure that Region 6 upper management is on-board with this approach. On the Navajo Nation we agreed that Region 8 would be involved in discussions with the NN and that Region 9 could facilitate the contacts. Clancy, can you make sure your senior management hears this same message?

On the abandoned uranium mine work, please loop Victor Ketellapper and I in to any follow-up. Nice meeting you Clancy and hope to cross paths with Ben at some point.

Regards, Johanna
